F. No. 3-4/2011-NT

Date: 29<sup>th</sup> March 2012

Subject: Empanelment of Consultants for providing consulting service for IPv6 implementation.

The Department of Telecommunications is pleased to select and declare 'ERNET India, 10<sup>th</sup> Floor, JeevanPrakash Building, 25, K G Marg, New Delhi -110 003 as empanelled consultant for providing consulting service to Government Organisations w.e.f. 21<sup>st</sup> March 2012 to 20<sup>th</sup> March 2015 as per the terms and conditions of the EOI (No.3-4/2011- NT Dated 2<sup>nd</sup> August 2011). The scope of consulting service is as follows:

1. End-to-End IPv6 Consulting:

The scope of work for end-to-end IPv6 consulting shall cover all aspects which include IPv6 Project Management in addition to IPv6 consulting mentioned above. The responsibility of the Consultants would then encompass the complete monitoring and supervision of the actual implementation and ensuring a timely delivery by the implementation organization. The details of Project Management activities are as mentioned below:

To Create a project plan for IPv6 project management, and carry out IPv6 project management activities for IPv6 adoption, this shall cover –

- Detailed Project Management Plan – Objectives and Approach, Stakeholders Identification, Project Scope and Timelines, , Cost Management, Resource Planning, Document Management, Change Management, Risk Management and Risk Mitigation Plan, Procurement Management, Configuration Management
- Project – Execution and Progress Tracking.

2. IPv6 Implementation:

The scope of work for IPv6 Implementation shall cover all aspects of implementation of IPv6 as given below –

- Applications and services Migration
- Test IPv6 Network Implementation execution
- Production Network Implementation execution
- Test Plan creation and validation for test and production networks
- Post Implementation Support, Training and Knowledge Transfer to Staff.

The concerned Government Organisation shall float its own 'Request for Proposal' (RFP) based on its specific requirement for engaging the consultants.
