Department of Electronics & IT
(E-learning/e-Infra Division)

Subject: National IPv6 Deployment Roadmap Version-II – recommendation thereof

Department of Telecommunications (DoT) had released recommendation for National IPv6 deployment Roadmap Version-II. A copy of the recommendation was forwarded to all GCs and Heads of Autonomous Bodies under DeitY, for information and further necessary action in February, 2013 (copy enclosed for ready reference). The implication of the roadmap version-II was examined for various groups/ divisions of DeitY and it was also **decided with the approval of Secretary that ERNET India will act as nodal agency to coordinate the implementation of IPv6 roadmap version-II in DeitY.**

As per the recommendation for national IPv6 roadmap, every Government organizations should prepare a detailed transition plan for complete transition to IPv6 (dual stack) by December, 2017. The plan should be prepared by December, 2013 and the required budget provision should be made in the demand for grant.

ERNET India may be contacted for preparation of transition plan to IPv6 and complete transition may be achieved by December, 2017.
